#### **POSITION PROFILE**

**POSITION TITLE:** Master Project Scheduler

**REPORTING TO:** Principal

**LOCATION:** New Orleans, Louisiana

**OUR CLIENT:** Saylor Consulting

Website: <http://saylorconsulting.com/>

Leland Saylor Associates, a nationally recognized construction cost consulting firm headquartered in San Francisco, has an immediate opening for an experienced, dynamic individual to continue our phenomenal growth. Leland Saylor Associates is a leader in the cost consulting industry on the West Coast, focused on public construction in the civic, transit, and educational markets.

Recent projects include the Tom Bradley International Terminal, the 7 bridge Bay Area Toll Authority estimating contract, and the \$3.4 billion Lawrence Livermore National Ignition Facility. Other types of projects include schools, university and research facilities, hospitals, healthcare facilities, fire stations, police facilities, parking garages, museums, courthouses, office buildings, and civil and transit projects such as highways, bridges, airports and light rail. Types of services are primarily design phase estimating, but may include on-site change order estimating, scheduling, document control, and/or claims analysis.

Saylor has an immediate opening for a **Master Project Scheduler** with Earn Value Management System (EVMS)/and Integrated Design and Construction (IDC) experience.

**This is a full-time, permanent position.**

#### **SCOPE AND RESPONSIBILITIES:**

The Earned Value Management Systems (EVMS)/Integrated Design and Construction (IDC) consultant will work closely with the Leadership Team. Roles and responsibilities will include development, review and management of the EVMS cost loaded schedule that applies directly to the Target Cost, Target Price and Target Ceiling as they pertain to the IDC Contract. The consultant will be directly involved in all changes to the Target as related to the original competitive proposal and ensure the project is on track for successful completion in relation to cost and schedule.

#### **EXPERIENCE/SKILLS REQUIRED:**

Extensive knowledge of FAR (Federal Acquisition Regulations) 52.216-17 as applicable to IDC/ECI type contract is necessary. The schedule will be in accordance with FAR, VAAR (Veterans Administration Acquisition Regulations) and

Federal Laws and Regulations as applied to IDC procurements. Specific direct owner's representative experience is necessary for this position due to size, scope, complexity and current stage of contract execution.

The consultant is required to have direct construction experience in relation to EVMS exposure in major IDC type federal projects and programs. In depth knowledge of EVMS, integrated master cost loaded schedules, evaluation and assessment of EVMS schedules and escalation of cost variances, predictive performance data and estimates at completion are critical to this position. **Project experience with major healthcare owners will be strongly considered.**

**Project experience with major healthcare owners will be strongly considered.**

#### **EDUCATION/CREDENTIALS:**

Bachelor's degree in Construction Management, Engineering, or a closely related field.

#### **REWARDS:**

We offer a competitive compensation, bonus potential and benefits package with unlimited opportunities for professional development and advancement. Relocation assistance may be provided if necessary.

#### **CONTACT INFORMATION:**

To be considered for this opportunity, please email your resume, cover letter and salary history to: (please put job title in the subject line of your email). Documents in Word format please.

ALL RESUMES WITH A VALID EMAIL ADDRESS WILL RECEIVE A NOTIFICATION OF RECEIPT.
